# What We Offer You

## Financial Market Trading

We Buy or Sell hundreds of CFD assets including major, minor and exotic forex pairs, metals, energies, indices, cryptocurrencies and shares of the world's biggest companies. We trade at some of the tightest spreads available, and enjoy ultra-low trading costs...

## Retirement income

It is important to have a plan that takes into account how retirement may bring changes to both your lifestyle and your finances. For employers, defined contribution retirement plans represent freedom from financial volatility, traditional pension risk...

## Cooperate loan

Access to capital and a strong financial foothold is essential for the success of your company. Whether you are looking for financing from the bank or through alternative methods, there are a number of options available to choose from.

## Business loan

Complicated financial structures and tax efficient corporate re-structure is not for everyone. Sometimes all we need is a simple business loan without the hassle, head-ache and high interest rates often associated with high street and main-stream bank loans and overdrafts...

## BG Monetization

We are experts in the Monetization of Bank Guarantees (BG) and Standby Letters of Credit (SBLC) and other Financial Instruments.

## Scrutinization

Securitization also has benefits for investors. It widens their choice of available investments. The asset backed securities created by Securitization may also be easier to analyse as investors need only evaluate the cash flows from a small pool of assets...

# Our Team

We are a team of finance professionals, portfolio managers, traders, and product innovators who embrace digital disruption and believe in its potential to transform markets, economies, and modern society. Our leadership team has a proven track record in delivering innovative financial products and services in emerging asset classes. We have managed billions of dollars for institutional investors and built innovative financial products and funds for the world's leading financial organizations. Oh, and we have a thing for bitcoin and its technologies. cannabis, retirement income plans etc.

# What we represent

## Commitment

We are committed to our investors. We seek to form long-term relationships with them to show this commitment. These relationships create security to help investors plan for the future; and sustainable incomes for them to work their own way out of financial struggles and make massive improvements to their lives.

## Honesty

Honesty is the only policy and we strive to achieve the best result with integrity, not just with our clients, but also our traders and advisors. We don't just report on our finances, we measure and report on everything we do. We ask our investors what they think of us, and we use professional auditors to check our reporting.

## Value

As a top investment organisation, we have staffs with over 30 years' experience in combining development and trade. We are committed to pushing the boundaries of what constitutes the highest standards in trade investments. We put people before profit and committed to improving the lives of those we work with.
